When the Olympic quest started Amanda was not even involved in the initial trials. Since then she has raised her standard to give her the Olympic reserve place for GB. The competition was so close with all three ladies producing incredible routines under great pressure. Thank you to everyone who stayed to support Amanda making a lot of noise in cheering her and reveling in her success. It was a great team effort and we are very proud of you Amanda.

**GOOD LUCK** to Amanda who is competing in two World Cup events this month in Albacete and Arosa as part of the Olympic training programme.
